

THE NOT-FOR-PROFIT DIFFERENCE

As a Not-For-Profit our goal is to serve our residents and create better ways of addressing their needs and desires. We look for opportunities to authenticate long term benefits instead of short-term gains. Each and everyday we search for ways to provide better living choices.

We are committed to quality services and outcomes by providing consistent assignments and education for our employees. We value employee satisfaction.

Scandinavian Communities consistently strives to create better living choices, set higher the standards of quality, and focus on ways to improve the current and future needs and desires of older adults. The bottom line is not about annual profit or loss. It is about our residents' quality of life and satisfaction.

That's the Not-For-Profit difference!

ASSISTED LIVING

With just 35 spacious apartments, our smaller size allows our residents and staff to come to know each other well. Residents are able to balance the level of privacy, socialization, independence and support that fits their personal lifestyle and needs.

Services and Amenities

- ◆ Beautifully decorated common areas
- ◆ Three full meals a day with a choice of entree
- ◆ Scheduled Transportation
- ◆ Medical Services
- ◆ Personal Care
- ◆ Housekeeping & Laundry
- ◆ Recreation and Spiritual Activities

Why do a short term stay?

- ◆ You have a vacation planned or need time for yourself and a place for your loved one.
- ◆ After a hospital or rehabilitation stay you're not feeling quite ready to go home alone. Let us give you some support for a short while.
- ◆ To see if assisted living is right for you!

EXPERIENCE MATTERS

Since our founding in 1930, Scandinavian Communities has maintained a reputation for resident dignity, excellent care and quality service.

We proudly offer a full continuum of wellness and elder care. Our smaller size makes us unique in Rhode Island and relationships between staff and residents are easily formed. These close bonds also allow staff to more easily recognize changes in resident health conditions.

With an Assisted Living and Rehabilitation & Skilled Nursing, our residents are able to age in place. Our enclosed walkway allows couples with differing medical needs to remain connected with each other and visit daily.

No matter what your needs, our Scandinavian communities allows you to enjoy life. Let us become your family as we take care of you and support those you love.

REHABILITATION & SKILLED NURSING

Consider us for:

- ◆ Short term rehabilitation
- ◆ Skilled nursing care
