REHABILITATION & SKILLED NURSING
ASSISTED LIVING

2022
Annual
Report

The Destination of Choice for Wellness and Eldercare.

Scandinavian Communities is a Not-For-Profit 501(c)3 healthcare organization offering rehabilitation and skilled nursing, assisted living, and respite care. Admission is open to all persons. We have been guided by a volunteer Board of Directors since our founding in 1930.

OUR MISSION

is to provide a continuum of excellent, compassionate and innovative care, to enable those we serve to attain optimal wellness and quality of life.

LETTER OF APPRECIATION AND THANKS

Dear Friends,

It has been my privilege to serve on the Board of Directors of the Scandinavian Home for many years and this past year as its President. I thank my fellow board members for their unwavering dedication and support. Recognition also extends to: Colette Silverman, our Executive Director; Suzanne Cesana, the Administrator of our Skilled Nursing and Assisted-Living facilities; Members of the administrative staff; and our entire team of caregivers for their tireless efforts in making Scandinavian Communities a preeminent center for enriched senior living.

Needless to say, this has been another challenging year. Although the pandemic has now been termed as over, with the COVID vaccine being effective in keeping the virus contained, staffing and resident census are not where they need to be. Furthermore, inadequate State reimbursement rates under the federal Medicaid program as well as rising staffing costs have also had a major impact on our financial picture. We are doing our very best to meet these daunting challenges while also looking to the future.

We have not been able to host, and certainly miss holding, in-person functions, but are very appreciative for all those who have continued to support us, both personally and financially. As such, we hereby extend our sincerest thanks to all of you for your generous contributions and support in helping us to sustain our mission to be: “The Destination of Choice for Wellness and Elder Care” ...

FINANCIAL INFORMATION

2022 financial results reflect an operating loss of \$2.4 million compared to a \$2.2 million loss in 2021. Although our census numbers improved over 2021, our Medicaid population numbers remain high with state Medicaid reimbursement continuing to fall short of covering the daily cost of care. Our 2022 operating expense increase over 2021 correlates somewhat to our increase in census but also includes approximately \$590K of agency staffing costs incurred while trying to meet the new RI state staffing mandates. Staffing and other costs per resident have continued to increase due to the intensity and complexity of care required as well as an industry-wide shortage of qualified staff. As a result of these limitations, we continue to incur more overtime pay and increased contract labor costs.

In 2022 we continued utilizing endowment funds to support operations. After \$1.7 million of withdrawals to supplement our operations in 2022, and investment losses of \$1.4 million we've ended 2022 with an endowment balance of \$5.6 million. The 2022 economic conditions did not afford us the positive investment growth as in years past. Although we will need to again tap our endowment to support our 2023 operations, our current need has diminished somewhat due to the receipt of Employee Retention Credit (ERC monies) and additional "one-time" state funding. Over the years, the generosity of the Friends of the Corporation, families of past residents and many other supporters has allowed us to grow our endowment fund. One of the purposes of an endowment is to support operations in a temporary emergency such as COVID-19. Unfortunately, due to the circumstances described above, we have become too heavily reliant on using the endowment to support operations. This is not a fiscally prudent long-term practice and must be dealt with soon. As such, your Board and senior management are spending significant time considering several strategies to sustain our endowment to ensure our future.

Thomas C. Pearson, Treasurer

Each year at our Annual Fundraiser, we focus on a specific need which greatly benefits the residents at *Scandinavian Communities*. We take a moment to express our heartfelt thanks to our friends, family members, and benefactors. The COVID crisis and the rise of the Omnicron variant continued to be a challenge as we moved toward returning to our prior “normal”.

Your continued support of Scandinavian Communities warms our hearts tremendously. Throughout the years, our dedicated staff remains vigilant and committed to providing the utmost level of compassionate care to our cherished residents in a safe homelike environment. The excellent care we are able to provide to our residents is due to your understanding and appreciation of our mission and vision.

Because of you, in 2022 we were able to raise additional funds for our on-site *Beauty Salon* to under-go a physical renovation, including equipment upgrades and other resident enhancements. Finally, we had our “Avian Way” dedication (*named by Walter Campbell, Assisted Living Resident*) during National Assisted Living Week in September of 2022.

Due to your generosity, in 2023 you are helping to brighten the lives of our residents. Our on-site *Beauty Salon*, which is utilized by residents throughout both communities will begin renovations. Having a renovated Beauty Salon will boost sagging spirits and bring a smile to our residents’ faces with a freshly styled coif or a sparkling manicure! In addition to the Beauty Salon project, another *Resident Life Enhancement* we hope to begin is the redesign of our nursing facility Tub Room to create “a spa-like experience”.

It's not too late to donate to make a significant difference in the lives of all our residents.

We truly appreciate your continued support in enriching the lives of all our residents!
